Terms & Conditions (In-Warranty/out_Warranty repair, service, software upgrade, etc.)

1. In-warranty support will be provided subject to warranty validation and criteria as defined by Samsung's authorized Service Centre ("ASC") Staff. For warrant}, validation, customer is required to produce valid Warranty Card I Proof of Purchase at the time of submitting the Product to the satisfaction of ASC, failing which Product will not be serviced. Repairs will be carried out on best effort basis subject to availability of spares.
2. Customer is requested to collect the Product within 3 days from the date of receiving confirmation on the completion of the repair from ASC, failing which Samsung or its ASC shall not be liable for any loss or damage to the Product, and/or any consequential losses or damages arising thereof. Further, Samsung or its ASC shall have the right to scrap the unclaimed Product or dispose it in any manner without any notice to the Customer, without incurring any liability, whatsoever, towards the Customer or anyone else. Defective parts replaced under warranty will be the property of Samsung and will not be returned.
3. For Out-warranty support, estimate pre- approval will not be taken from customer if estimated repair amount is less than Rs. 500/-. If estimated repair amount is more than Rs. 500/- then repair will be carried out after necessary approval/advance payment.
4. To enquire the status of repair, customer may contact at number(s) mentioned above with Claim No. (Bill No. mentioned above) and date of submission of Product or log onto Samsung.com
5. The Product is accepted for service subject to prior verification. If Product is found to be tampered, damaged, misused, components removed. cracked or liquid logged, etc., the same will not be eligible under warranty and customer will have to pay for the repair services or the Product will be returned without repairs.
6. It is Customer's responsibility to disable the STD/ISD service and remove SIM/Memory card before giving the Product for service/repairs. ASC will not be responsible of any claims from customers on bill from mobile service provider.
7. It is Customer's responsibility to take back up of all existing data, software, and programs, and to erase all existing data before handing over the Product to ASC for repairs/service. Samsung or its ASC shall not be responsible for loss, recovery, or compromise of data or toss of use of Product arising out of or in connection with the service of the Product. Customer represents that the Product being serviced does not contain any illegal files or data.
8. Data Backup and Deletion. Product settings may be restored back to factory default settings. During service, Samsung or Its ASC may delete any data on the Product. It is recommended that Customer maintains separate backup copy of contents of Product's data, including, but not limited to, contacts, pictures, texts, music, ringtones, or applications and remove all personal information. During service, it is possible that data on the Product may be lost, replaced or reformatted. In such an event, Samsung or its ASC will not be responsible for any loss of data, software, programs or other information contained on the Product.
9. Data Protection/Access. Customer grants Samsung and its ASC's technicians the access to the Product for the purpose of providing service. During the service, personal information stored on the Product may be accidentally disclosed to the technician, or it may be necessary to check areas on the Product within which content is located in order to verify quality of service, Samsung and its ASC do not share any content located on the Product unless otherwise required by laws or regulations. If Customer does not wish Samsung/ASC to have access to this information, it is recommended that Customer deletes such information or resets the Product before handing over to ASC.-Test images may be left on the Product from the quality control testing process.
10. This receipt should be produced at the time of collecting the Product. No deliveries will be made if this receipt is lost. In the event of loss of receipt, customer should submit request along with an indemnity bond or any other documents as prescribed by ASC to the satisfaction of ASC necessary to deliver the Product. Customer needs to provide the documents prescribed to prove the ownership of the Product for taking delivery.
11. Customer undertakes and agrees that the information provided by him is true and correct; Samsung can use the same for the purpose of follow up and taking feedback on the services by any means including voice, text etc.

I/WE have read and understood all the above terms and conditions, and accept the same and authorize ASC to proceed wiht the repair
